# Turtle Island NFT Discord Community

we are the warriors; who learn to love the pain. we come from different places; but have the same name.

Oct 2022 Update

Update from our Founder

What a wild ride this has been getting to know each and every one of you through games, watching you do the Tortoise Tasks, vibing in Makwa Cave during the count downs for mint days, laughing at your memes, & bonding in the Mental Health channel. With the public mint now a week behind us, I took some time to reflect on what I want this project to be now & into the future. The ideas & inspiration that fueled my passion to create a magical world that mixed indigenous culture & education are meant for IRL participation. The approach we have taken, having Discord open 24/7, does not allow us to be true to my mission of getting people outside on adventures. I want you all to live a full life; away from social media & only checking on your investments periodically. With that in mind, I am keeping the Turtle Island NFT Discord open for 1 day a month only. I have chosen the 7th day of every month because it will remind me to focus on the 7 Grandfather Teachings that are essential to living a powerful, pure, exciting, and fulfilling life. If you don't know what they are, you should be reviewing those Tortoise Tasks!

What does that look like?

01 The announcement channel will remain open & a new channel with scheduled events will be created to keep everyone informed on what's going on

02 On the 7th day of each month, all previous channels will reopen for 24 hours. Community members will be able to chat, play games, drop screenshots to collect points towards Thunder Totems, & ask questions

03 You'll interact with the founder & other genuine community members instead of moderators. Thank you to HB, ZEYD, Prince, Flex and so many more for your fantastic work; I've learned more from you than you know

What about the Thunder Totems?

There are <u>100 Thunder Totems</u> to be unlocked; only 55 have been secured. The top 45 point holders from this Round will earn one.

◆ I will be minting the rest of the collection through our dev so that we can officially list on Magic Eden & HyperSpace before the end of the month. As this is not the public minting the collection, the Thunder Totems will be unlocked once the collection sells out on those market places. Like these points towards Thunder Totems, I will keep track of which NFTs were minted by myself and sold as we move through this bear market. I will ensure absolute transparency on this by sharing the last 4 digits of our company SOL wallet (72Ye) so that you can hold us accountable based on ownership of what's listed. I'll provide an update each time 500 are sold. Once the remaining NFTs are listed & sold from this wallet, the Thunder Totems will be unlocked. Those of you from Round 1 would have already received your confirmation number. Those of you participating in Round 2 will receive your confirmation number the moment the last of the genesis Turtle Island NFT sells; I can assure you that we will have a party! I will make an announcement when we are officially live on Magic Eden & HyperSpace in the coming weeks.
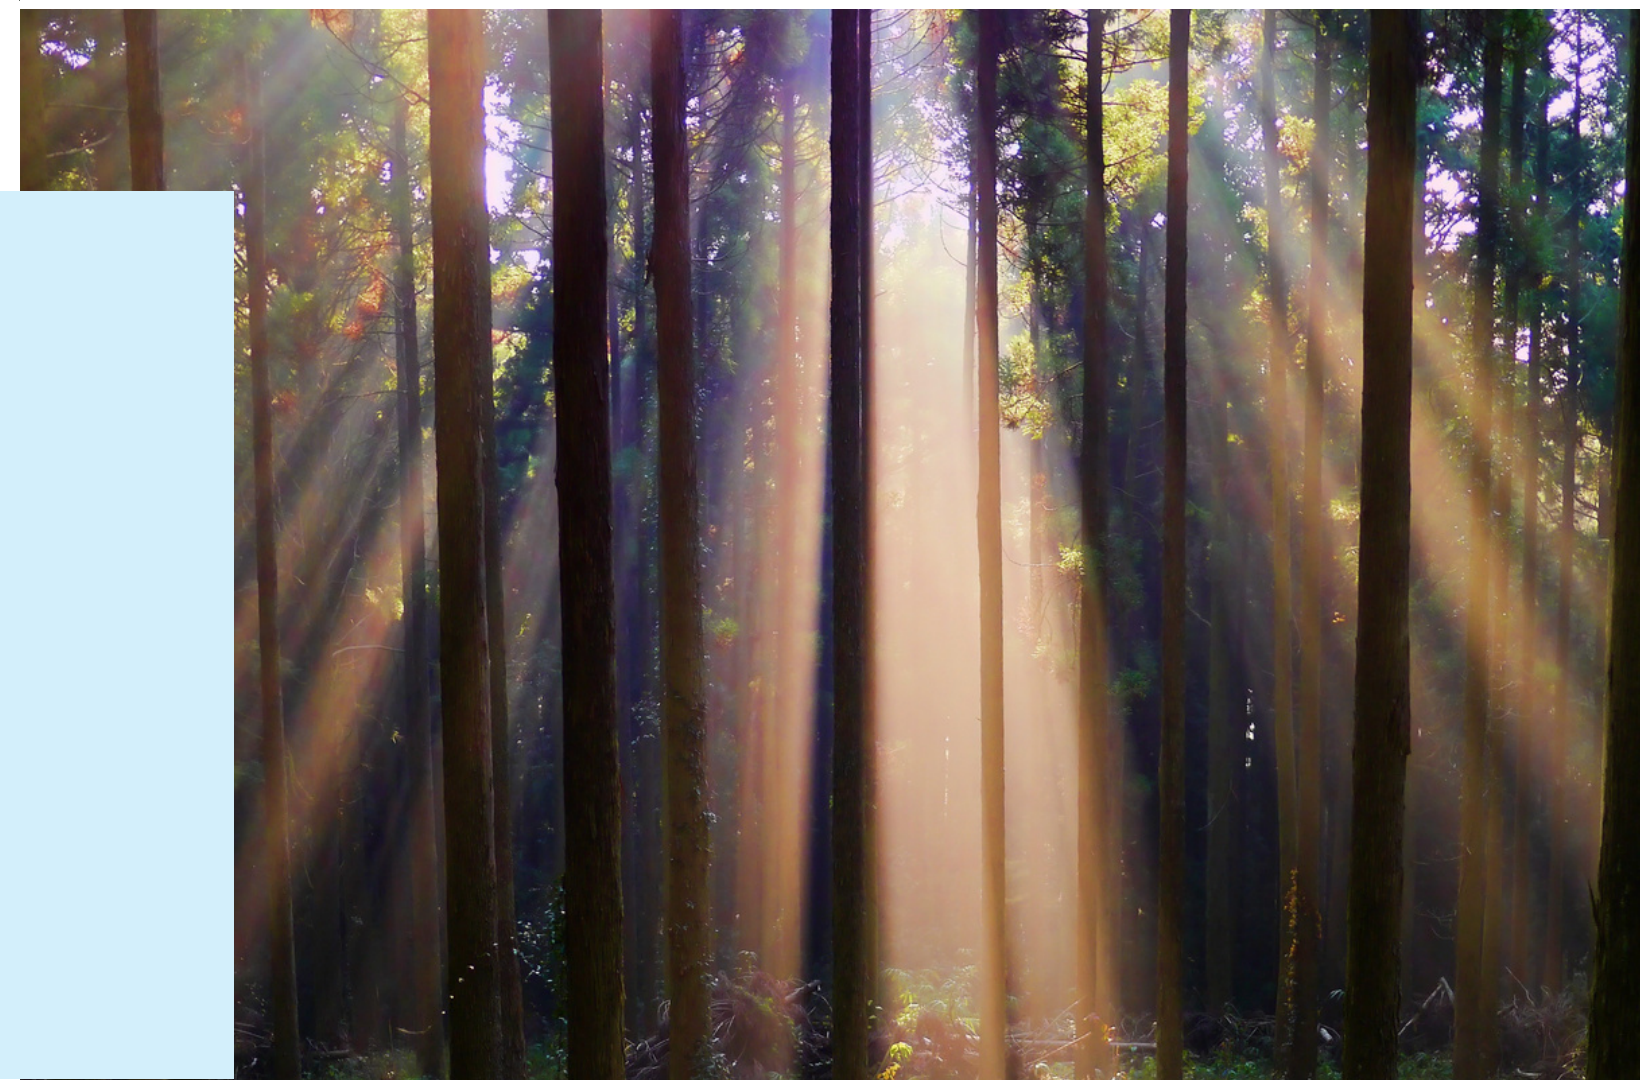

Extras

DAZZLE US

We will be putting out a call for indigenous artists to submit their work to us as an application for our future collections on Jan 15th, 2023

Grand Prize Vacation

Those of you that are Turtle Island NFT holders have been entered into the Grand Prize Vacation draw. The draw will take place on Dec 18th, 2022

Tortoise Tasks 2023

We will be releasing Tortoise Tasks 2023 on Jan 1st, 2023. Meetings are happening this month with school districts and universities on how they can participate

The future is bright. I look forward to seeing where this takes us. I urge you to get off your phone/computer and get out enjoying nature's medicine as often as you can. I strongly believe the Tortoise Tasks can help all of us do that. I'll see you on the 7th!

Thank You
